Dear Friend and TWW/Indivisible - Los Gatos member,

We are deeply concerned about the September 14 Election to Recall Governor Gavin Newsom. Your **NO Vote** in this election will allow the Governor to continue the important work of governing our state.

What is at Stake here?

1. Governor Newsom won the 2018 gubernatorial election decidedly: 63% - 38%. He has done nothing to justify a recall. To remove him before the end of his term is an abuse of process, undermining a lawful election and setting a troubling precedent.
2. A change in leadership now will interrupt California's pandemic recovery, which could slow the work Governor Newsom initiated. We need a leader who follows the science.
3. The Governor has authority to make literally thousands of appointments. The work that Governor Newsom and his administration have been doing to strengthen education, protect the environment, promote equality and address healthcare in California could be undermined by new appointees with different priorities.
4. Governors have the power and responsibility to fill key positions when they become vacated. If one of our Senators steps down (i.e. Dianne Feinstein), the Governor selects her replacement.
5. Further, if a Republican Governor is selected in Newsom's place, he/she can stop many needed policies with a simple veto.

6. California is the 8th largest economy in the world with a GDP larger than Russia or Italy. This slate of 46 Recall candidates is filled with inexperienced individuals without the demonstrated skill to lead CA. And there is no required threshold a candidate must meet to be elected so Larry Elder, for example, could win with 1% of the vote. Who is Larry Elder, you ask? Google him!

If you support all that Governor Newsom has done to keep us safe and our state moving forward during the pandemic and economic downturn, VOTE NO on this recall. <https://calmatters.org/explainers/newsom-recall-report-card/>
